The Maryland Department of the Environment and the University of Maryland, Baltimore County, Department of Civil and Environmental Engineering, in association with the Joint CWEA / CSAWWA Water Reuse Committee, are sponsoring a seminar on the future of water reuse in the State of Maryland. Water reuse is becoming a big focus of the water and wastewater industry and many states have successfully implemented water reuse programs. This seminar will address the challenges and successes faced during the implementation of these programs while focusing on the regulatory steps that are part of creating a water reuse program in the State of Maryland.

A detailed agenda is included on the next page.
