MDE Facility No. 13326**

Dear Ms. Bull:

Two Farms, Inc. respectfully requests to postpone future quarterly sampling requirements. We believe that we have met all the requirements and directives issued by the MDE. The recently submitted *Rebound Evaluation Soil Investigation*, which was prepared by Advantage Environmental Consultants (AEC) and dated August 8, 2017, completes all requirements outlined in the Corrective action plan (CAP) and CAP addendums. The *Quarterly Progress Report – Fourth Quarter 2017* will be submitted under separate cover no later than January 31, 2018. Two Farms, Inc. requests to postponed future quarterly sampling until a Site Directive Letter can be issued.

Should you have any questions the contents of this letter, please contact the undersigned at 410.889.0200 or truszin@royalfarms.com.

Sincerely,
Royal Farms
