

# 2020-2021 School Year Survey - Nonpublic Schools

Dear School Representative:

The Maryland Department of the Environment (MDE) Water Supply Program is conducting a short (11 question) electronic survey to update Maryland school information and to identify the numbers of school buildings located at each school. The result of the survey will help us facilitate measures that can improve the quality of the drinking water via appropriate flushing recommendations in school buildings with limited water use during the 2020-2021 school year, and to help us better assist schools subject to lead testing under Maryland's House Bill 270 in their lead testing efforts.

We are requesting that you complete this brief survey by December 31, 2020 11:59PM EST.

Please note that if you manage a school with multiple locations/campuses, the survey must be filled out for each school location/campus.

It is important to note that once started the survey cannot be saved so it must be completed and submitted in one sitting.

Thank you for your assistance.

# 2020-2021 School Year Survey - Nonpublic Schools

\* Required

Public, charter, and nonpublic schools serving children in any grade from PreK to 12 that receive drinking water from a public utility are required to test for lead in drinking water under Maryland's regulations, "Testing for Lead in Drinking Water - Public and Nonpublic Schools" (House Bill 270).

For more information on Maryland's regulations, please visit [https://mde.maryland.gov/programs/Water/water\\_supply/Pages/Testing-For-Lead-In-Drinking-Water-Public-and-Nonpublic-Schools.aspx](https://mde.maryland.gov/programs/Water/water_supply/Pages/Testing-For-Lead-In-Drinking-Water-Public-and-Nonpublic-Schools.aspx).

## 1. Does this school receive water from a public water utility? \*

If Yes, please select "Other" and provide the name of the public water utility provider. This information can be found in the quarterly water bill (often located in a letterhead) that this school receives from the public water utility. For example: City of Baltimore.

- No, this school has its own well and does not receive water from a public water utility.
- Other: \_\_\_\_\_

## 2. Please select the school year during which this school performed the most recent standard testing for lead under Maryland's House Bill 270. \*

- 2017 - 2018 School Year
- 2018 - 2019 School Year
- 2019 - 2020 School Year
- 2020 - 2021 School Year
- Not Applicable (because this school has not yet conducted lead testing under Maryland's House Bill 270)
- Not Applicable (because this school is currently using water from its own individual well and is subject to testing for lead under federal Lead and Copper Rule)

## 3. If this school has NOT conducted lead testing under Maryland's House Bill 270 in the past, did the school apply for a testing deferral or a waiver? Please select all that apply. \*

- No
- Yes, the school has applied for a 12-Month Deferral
- Yes, the school has applied for a 3-Year Deferral
- Yes, the school has applied for a Waiver Type 1 - Prior Testing
- Yes, the school has applied for a Waiver Type 2 - Bottled Water
- Yes, the school has applied for a Waiver Type 3 - Lead-Free Building
- Not Applicable (because this school is currently using water from its own individual well and is subject to testing for lead under federal Lead and Copper Rule)

## 2020-2021 School Year Survey - Nonpublic Schools

4. Is your school located within another school building and/or share a building with another school(s) or licensed Child Care Center(s), not including before or after school programs?

If yes, please select "Other" and provide the name(s) of the school(s) or licensed Child Care Center(s) with which your school shares a building. If there are multiple other schools, please separate the other school names by a semicolon. For example: School Name 1; School Name 2; School Name 3

No

Other: \_\_\_\_\_

5. Does your school have any special education classrooms?

Yes

No

6. How many school buildings, including portable classrooms (e.g., portables, cottages, pods, etc.) and administrative buildings, does your school have at this location/campus?

For the purpose of this survey, a wing or an area of a building is not considered an individual school building unless it has a separate water service line (from the water main to a building) and interior plumbing.

Your answer \_\_\_\_\_

7. If your school has more than one school building at this location/campus, please list the names of all your school buildings.

Please list the names of your school buildings separated by a semicolon. For example: Building 1; Building 2; Building 3

Your answer \_\_\_\_\_

8. Does your school have portable classrooms (e.g., portables, cottages, pods, etc.) at this location/campus?

Yes

No

9. Is there any school building used solely for administrative purposes (i.e., not used by any students)?

Yes

No

10. For charter and nonpublic schools only: Please provide the year in which your oldest school building was constructed.

If unsure, please visit <https://sdat.dat.maryland.gov/RealProperty/Pages/default.aspx> ("Primary Structure Built" can be found under "Location & Structure Information" on search result page).

Your answer \_\_\_\_\_

11. For charter and nonpublic schools only: Please provide the year in which your newest school building was constructed. (The answer can be the same as the answer to the previous question)

If unsure, please visit <https://sdat.dat.maryland.gov/RealProperty/Pages/default.aspx> ("Primary Structure Built" can be found under "Location & Structure Information" on search result page).
